Dear Conference Attendee

Welcome to San Antonio and to the Annual Joint Service Pollution Prevention Conference and Exhibition! Because of your continued support and response, this conference continues to grow each year, resulting in an expanded agenda to meet the needs of a broader audience. This year, we have a larger number of speakers with more diversified topics than ever before, plus a wider variety of vendor/government exhibits. For the first time, we are also doing a live web broadcast of all plenary sessions.

You are joined by other service members, industry, academia, state and local government, other federal agencies, and foreign governments, along with the news media. With such a large spectrum of attendees, I look forward to a lively open forum for exchanging ideas, success stories, and new technologies related to pollution prevention implementation.

This proceeding is provided for your information and to help facilitate your attendance at the conference. If you require any additional assistance, please contact Lieutenant Colonel Gregory Seely or one of his staff through the information desk. Our goal is for you to have an enjoyable, productive, and informative stay.

Sincerely,

GARY M. ERICKSON, P.E.
Director
